

CURRENT PRODUCT EVALUATION

Concentrated Bio-Enzymatic Trash Can Cleaner & Odor Eliminator

Partner sourcing brief - not a final purchase specification

PRODUCT INTENT

A concentrated cleaning and odor-control product intended for routine trash-can care. Bogaso is evaluating qualified formulation, manufacturing, and packaging partners. Final claims, directions, ingredients, pack size, and branding remain subject to testing.

CAPABILITIES REQUESTED

- 01 Bio-enzymatic cleaning and odor-control formulation
- 02 Concentrate format and practical dosing solution
- 03 Private-label or custom-formulation capability
- 04 Formula stability, efficacy, and safety documentation
- 05 Packaging, labeling, and production support
- 06 Support for applicable U.S. requirements

INITIAL SUPPLIER INFORMATION

- Company and factory location
- Relevant product experience
- Available certifications
- Typical and minimum MOQ
- Sample and formulation fees
- Production lead time
- Packaging options
- U.S. export experience

STATUS & NEXT STEPS

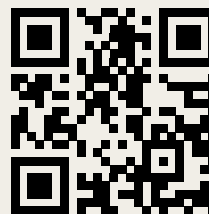

This product is currently being evaluated and is not available for purchase. Qualified partners are invited to share catalogs, formulation capabilities, MOQs, pricing ranges, sample availability, testing documentation, and proposed next steps.
